

HEAVY DUTY BUSINESS FORUM EUROPE

Comprised of top executives of MEMA Original Equipment Suppliers with a presence in Europe, Heavy Duty Business Forum Europe (HDBF Europe) provides peer networking opportunities and a platform for discussing industry trends and challenges.

Fast Facts

- HDBF Europe was founded in 2017 in response to the globalization of the commercial vehicle supply chain.
- Meetings include presentations and discussions with executives from major OEMs and aftermarket organizations, as well as fleets and end-users.
- Market forecasts are provided by a range of expert economists and market research firms.
- Membership is limited to 50 top executives in the commercial vehicle market.
- Individuals must be nominated for membership by three current members and elected by a simple majority of the forum members.
- Meetings are typically held twice annually in the spring and fall.
